NOTICE TO APPLE GROWERS.

Don't forget the date of the next meeting of the Mahoning County Apple Growers' Association, Monday evening, August 21, town hall, Canfield.

This promises to be an interesting meeting, for many who were not at the first meeting have declared they will be present at the next. May be evening. If you who have promised, there will be "somebody" doing it sure.

And don't forget the purpose of the Association, as mentioned in the report of the first meeting. The discussion of all questions relative to apples—picking, grading, packing, marketing. And the Apple Show. Don't forget one feature, that of naming and labeling correctly all varieties on exhibition, by experts. This is the one feature of greatest value to buyers and users of apples in the home. It's just as easy to know a Baldwin from a Rome Beauty by their color and shape, as to know "Pat" from "Sambo" by their color and brogue.

But it's not safe to acquire your knowledge of varieties at the county fairs, for many varieties there exhibited are not correctly named and labeled. Probably the crooked market. It surely takes an expert to name apples correctly.

Come to the next meeting in Canfield, Monday evening, August 21. Bring along your auto full of apple growers and users.

ENTERS LIKE A THIEF IN DEAD OF THE NIGHT

Devoid of All Pity, Catarrh Fastens Its Clutch on Its Victims Unawares.

Catarrh is one of the most prevalent of all diseases. Why? Because it seals upon its victim like a thief in the night. To be forewarned is to be forearmed and ready to combat the condition, but catarrh gives no warning.

Before you know it you have catarrh. Catarrh usually is very hard to overcome.

Catarrh affects almost every organ in the body and will finally produce a condition known as systemic catarrh. The circulation becomes poor and the organs suffer. The patient has a general despondent feeling. Sometimes catarrh resembles chronic malaria and again it resembles nervous prostration. The kidneys become affected, and the bladder and the stomach. Then come indigestion, pains and cramps after eating, kidney affections which so frequently cause backaches, especially upon arising in the morning, and many other ills too numerous to mention.

At the first sign of catarrh you should do something to check its course. The most reasonable, rational treatment is with a tonic; one that will aid digestion, enrich the blood and build up the muscles.

Hundreds of thousands of people have proclaimed Tanlac an excellent remedy for catarrh. First aid should be through the stomach, causing good digestion and from this "hot bed" of human ills, good influence is sent to every portion of the body. Tanlac is composed entirely of vegetable ingredients selected for their purity and potency and gathered in many parts of the world.

Tanlac may be obtained in Canfield at F. A. Morris' drug store—adv.

SEE END OF STRIKE

COAL OPERATIVES BELIEVE THE HOCKING VALLEY WALK-OUT SETTLED.

Columbus, O.—The satisfactory adjustment of the Hocking Valley district coal miners' strike is assured by the operators in an announcement, provided the men return to work at once. This announcement followed a conference of strikers and operators in this city, after the strike had been in progress one week.

It is estimated 2,500 miners are affected by the controversy which led to the strike, the main issue of which is the price of powder which the miners must buy.

Woman Drops Burglar.

New Castle, Pa.—Mrs. Lena M. Hornbeck, a young matron living in the Dean block, heard a noise in the hall at 1 o'clock in the morning. Peeping from a partly opened door, she saw a burglar in the act of forcing his way into an adjoining apartment. She brought a heavy piece of tile from her bath room, slipped into the hall and laid the man out with a blow on the head.

When a policeman arrived the burglar jumped up, knocked him on one side and got away.

Postoffice Men Dropped.

Chicago, Ill.—The one hundred and thirty employees of the Chicago post-office, who are on the Mexican border with the national guard, have been dropped from the rolls.

This action was taken in compliance with an order received from the postmaster general at Washington that all employees at the front should be dropped. Postmaster Campbell said the men dropped might be reinstated in their former positions as soon as they are honorably discharged from the army.

Sells State's Property.

Wellsville, O.—County Auditor Burt Burns and Sheriff S. W. Crawford have sold a part of the property of the late Gen. J. W. Reilly, which escheated to the state of Ohio when no will was found. Reilly left no near relatives.

Dies at End of Trip.

Bellefontaine, O., Aug. 16.—Mrs. S. Kanagy and her husband came from Woodburn, Ore., to attend the homecoming here. She became ill en route and died within a few hours after reaching here.

Fatally Burned.

Bucyrus, O., Aug. 16.—Mrs. E. Cover was perhaps fatally burned while lighting a lamp with an alcohol lighter. She spilled some of the wood alcohol on her dress, which caught fire.

Find First Case of Plague.

Ashtabula, O., Aug. 16.—First case of infantile paralysis has just been reported here. The victim is a three-year-old boy.

THE PROPER COURSE

Information of Priceless Value to Every Canfield Citizen.

How to act in an emergency is knowledge of inestimable worth, and this is particularly true of the diseases and ills of human body. If you suffer with kidney backaches, urinary disorders, or any form of kidney trouble, the advice contained in the following statement should add a valuable asset to your store of knowledge. What could be more convincing proof of the efficiency of Doan's Kidney Pills than the statement of a Canfield citizen who used them and who publicly tells of the benefit derived?

J. B. Hartman, Canfield, says: "My back was lame and the kidney secretions were bad. Doan's Kidney Pills and two boxes permanently cured me."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Hartman had. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.

Opens Its Annual Advance

August Sale of Furs

Prices From 15% to 33 1-3% Less Than Those to Be Asked in Fur Season

With inquiries from all over Youngstown, and from the surrounding country, as to when our August Fur Sale would open, with a collection of fine peltry never equaled in Youngstown, and with the utmost confidence in the extraordinaryness of the values we shall present to our customers, we now open our annual Advance August Sale of Furs.

The reputation of this store's Fur business and the remarkable growth of our Advance August Sales are matters of common information.

1. Our Fur business is in the hands of an expert—who comprehends the finest shadings of quality and value.

2. We have first pick of several of the finest lines of Furs in America—first choice ahead of stores in cities much larger than Youngstown.

3. We have our own Cold Storage Fur Vault, on the sixth floor of our new building; facilities that are absolutely essential for the proper care of fine peltry.

4. Our Furs are extra choice. There is not a Southern Hudson Seal (sheared muskrat) in our entire stocks; all are the fine Northern skins—infinitely richer and finer, and better to dye.

You can get some idea of the selections when we say that of one single item alone, Hudson Seal coats, we have more than one hundred to choose from, ranging from \$75.00 to \$300.00 in price.

Savings are from 15 per cent to 33 1-3 per cent from the prices that will be asked later. These reductions, however, do not nearly indicate the actual saving—for in the case of many Furs the market valuations of the raw skins has gone up 50 per cent, 75 per cent and even 100 per cent, since we bought them.

Sets and Separate Pieces

All Select Skins; Superior Workmanship

Silver Pointed Fox Sets—\$45.00 to \$145.00. Four different grades.

Dyed Blue Fox Sets—\$125.00. Alaska skins.

Red Fox Scarfs and Muffs—styles and grades too varied for separate mention—priced at \$15.00 to \$75 a set.

Cross Fox Sets—full skins, Alaska
